Maximum Marks	2 Marks

### Question-1:

Create a Bucket in IBM object storage.

### Solution:

The screenshot displays the IBM Cloud Object Storage console. The left sidebar shows the navigation menu with 'Buckets' selected. The main content area shows the 'hospitall' bucket. The 'Objects' tab is active, displaying a table with columns: Object name, Archived, Size, and Last modified. The table is currently empty, with a message indicating that objects can be uploaded by dragging and dropping files. An 'Upload' button is located in the top right corner of the object list area.

Object name	Archived	Size	Last modified
-------------	----------	------	---------------
