

## Docker Installation

Date	16 Nov 2022
Team ID	PNT2022TMID45304
Project Name	Personal Expense Tracker Application

### Step 1:

Go the official Docker website: <https://docs.docker.com/desktop/install/windows-install/>

Click that button (Docker Desktop for Windows) and download will start and it takes few minutes to complete.

### Step 2:

Go to downloads in browser (or) type **ctrl + J**, it will navigate to download page and double-click the particular docker file.

### Step 3:

Now Installation is complete. This icon was added in your desktop. Double-click the icon to Start the docker app, you can register and login that app to access those credentials.

#### Step 4:

Docker will start correctly, the left bottom side was shown in green color, docker will show the status of docker app working successfully.

#### Step 5:

Finally, the docker is installed successfully.
